OVERVIEW

An integrated system of various modules in the management of academic operations related to all the elements needed

FEATURES / FUNCTION

Paperless Admission
- Streamline your admission processes with our fully integrated online admissions software

Online Application Forms
- Our online admission forms make it easy and convenient for prospective students to apply to your institution.

Course Management
- Managing courses and class timetables becomes effortless with our easy-to-use drag and drop interface. Importing an existing course schedule is simple, with our import features.

Advanced Reporting
- Take your institution's reporting further and observe trends in academic performance, behavior and health analytics for every student in your institution. We help to make sure no student is left behind with the addition of this student management system module.
