DECIZIONA

Naval decision making syStem process software license

OVERVIEW

This information system can simulate various analyzes in PPKM, both in simulating movement and simulating battles in 2-Dimensional (on the map). This system can also visualize 3-Dimensional training scenarios per day so that the visuals obtained are more realistic and easier to evaluate.

FEATURES / FUNCTION

- Simulate various analyzes in PPKM.
- Simulate movement and battle simulation in 2-Dimension (on the map), so that product corrections can be made if necessary.
- 3-Dimensional visualization per day scenario, to facilitate the PPKM process.
- Train coordination between teams in KOGAS.
